IMPORTANT NOTICE

The expense of publishing such a Catalogue as this is very large. Interesting—as I trust it may be to all Collectors, it is probable that a percentage of those who receive it are not now interested in the subject. In order, therefore, to save waste, I shall, in future, confine the circulation of these Catalogues to such persons as send bids or orders for Price Lists of the Sales or to **THOSE WHO SHALL AT LEAST WRITE THAT THEY WOULD LIKE TO HAVE THE CATALOGUES MAILED TO THEM.**

I trust that it will be understood that this indicates no desire to withhold the Catalogues from those interested, but is simply in the interest of conservation.

TERMS OF SALE

PLEASE READ BEFORE BIDDING.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS.

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS.

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent. of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Wednesday, November 19th, 1919.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

THE SIZE OF COINS AND MEDALS

UNITED STATES SILVER COINS FROM PROOF SETS

In doing so, it gives you an opportunity of filling in your collection without the necessity of purchasing an entire set containing coins which you may already possess or in which you may not be interested. I am sure that this method of offering the valuable Proof Sets separately will meet with the approval of the majority of collectors.

THE SALE CATALOGUE AS A BOOK OF REFERENCE

One of the most prominent British numismatists (Mr. W. J. Andrews, F. S. A.) says that "few numismatic works are so widely read as the Sales Catalogues of our great collections, and their general information and accuracy has converted them into books of reference."

There is a reason for this. A catalogue of any fairly complete series, the collecting of which has taken up years of an advanced collector's life, contains a mass of detailed information of the greatest value to all, more especially to the young collector. A study of such catalogues is instructive and educational, and especially so when the list of prices realized for each lot is found in it. There is no better investment than the purchase of these lists; they show what advanced and experienced collectors are willing to pay for the coin they want. The collector who secured that piece based his bid on an experience of many years. You have the benefit of his experience and years of study by merely securing a copy of the list. No real up-to-date collector can afford to do without it.
